Upon the arrival of your gun at your FFL dealer, inspect your gun to make certain that everything is acceptable before filling out necessary paperwork. Once the transfer of the gun is complete, the manufacturer's warranty is then in effect and from that point on any complication with the gun will need to be handled by the manufacturer.

A 15% restocking fee will be applied on any returned gun due to failed background checks or failure to pick up the gun, however if the gun is damaged or defective before paperwork is filled out no restocking fee will be applied.

Sportsman's Guide must have a copy of the FFL license on file for out-of-network FFL dealers before we ship your gun. Orders will be held for six (6) days for proper documentation to be received.
